

<p>1. Precast wall elements to suit design criteria, as specified in BS EN 14992 and BS 13369.</p>	<p>2. Wall Elements are wet-cast and reinforced to suit the design criteria supplied by the customer.</p>				
<p>3. The main intended use of this product is to form prefabricated walls in buildings and other civil engineering works. The elements may be used as either internal or external walls. The finish of the walls will meet the customers expectations.</p>	<p>4. Wall Elements are manufactured at the Littleport Production Facility – Wisbech Road, Littleport, Ely, Cambridgeshire CB6 1RA. The manufacturing plant has a Factory Process Control Certificate 0086-CPR-615280 issued by BSI Assurance UK Limited.</p>				
<p>5. Declared Performance</p> <table border="0"> <tr> <td>Mechanical Resistance</td> <td>Strength Class C35/45</td> </tr> <tr> <td>Steel Tensile Yield Stress</td> <td>Grade 500B</td> </tr> </table>	Mechanical Resistance	Strength Class C35/45	Steel Tensile Yield Stress	Grade 500B	<p>6. The performance of the product as identified in sections 1 and 2 is in conformity with the declared performance of section 5.</p> <p>Signed for and on behalf of FP McCann</p> <p>Signed:  _____ Hugh McCann Managing Director</p> <p>..... 25 May 2014 , Knockloughrim</p>
